At their regular meeting on Monday evening of this week held in the Telstar Library, the M. S. A. D. #44 board of directors appointed Walter G. Phillips of Springfield, Vt., as principal of the Telstar Middle School for the 1977-78 school year.

Mr. Phillips has been supervising principal of Riverside Park Junior High School in Springfield since 1970. In 1963-64 Mr. Phillips was superintendent of schools in the Cornish area, following a year as assistant superintendent at Windham High School in Windham, N. H., 1958-60, teacher of mathematics, Laconia (N. H.) Junior-Senior High School, 1952-55, teaching principal, Cumberland (Maine) Junior High School.

Mr. Phillips received his bachelor of science in education from the University of Maine, Portland, in 1952, and his M. S. in education from UMO in 1960. He has also furthered his courses in administration and guidance at Boston University and at UMO.

The board ratified an agreement with the American Federation of State, County, and Municipal Employees representing the district's bus drivers, custodians and cafeteria workers. Also approved was a job description for the hot lunch supervisor.

The board voted to permit Supt. Kenneth Smith to act as school agent for the town of Upton and Gilead during fiscal year 1978.

The directors accepted the concept of a long-term comprehensive K through 12 Health Education Program in M. S. A. D. #44, and recommended that such a program be developed and implemented as soon as possible after final board approval. The district is to submit a proposal that, if approved, may provide federal "seed" money for the program. If M. S. A. D. #44 is selected to participate in the Health Education Research Center Project, it will serve as a training site and resource for other districts.

CHAMBER OF COMMERCE PRESENTS ANNUAL AWARDS

The Ninth Annual Awards Night
sponsored by the Greater Bethel
Chamber of Commerce was well
attended Wednesday evening June
15, at the Bethel Inn. The program
was conducted by Barbara D.
Brown, chairperson of the event.

Muriel Faudi, president of the
Bethel Senior Citizens, presented
the 1977 Award to Adeline Dexter.
Mrs. Dexter, a 72-year-old senior
citizen, keeps very busy and is
involved in attending and serving on
committees for American Legion
groups. She is an active member of
the Bethel Auxiliary of Rumford
Community Hospital; works as a
volunteer in the Hospital Coffee
Shop. She is also a faithful
member of the Methodist Church.

Charles "Pete" Chapin was
awarded the Henry H. Hastings
Citizenship Award by Dr. John
Trinward. In his presentation to
"Pete", Dr. Trinward told several
humorous stories including him
described as a friend
with a helping hand to the child
who came in for his first tire
check on his new bike or the person
with car problems. Always the
same—each customer got his fair
share of attention.

Helen C. Berry, Telstar teacher,
presented the two student citizenship
awards to Leslie Mills,
daughter of Mr. and Mrs. Roger
Mills, Jr., of Andover, and Bradley
Wight, son of Mr. and Mrs.
John Wight of Newry. Mrs. Berry
spoke of the active participation
of both young people in the
school community as well as the
respect the two young people have
from fellow students.

Margaret Joy Tibbets announced
a special award to Dr. Sidney
W. Davidson for his interest and
contribution to Bethel over the
years. Dr. Davidson had the
inspiration for the now magnificent
ly restored Moses Mason House.
Over the years Dr. Davidson has
been intimately associated with
Gould Academy and Bethel.

The evening closed with a humorous
discussion of characters of
Hannibal's Crossing by WCSH
personality Lew Colby.

STATE OF MAINE HOUSE OF REPRESENTATIVES Karen L. Brown

The tempo of the 108th has increased
dramatically as legislators strive
to wind up the session before
the 100 day statutory limit
expires. Only a handful of bills remain
in committees and many of those
recently considered have either
been withdrawn by their sponsor
or reported out—majority-
ought-not-to-pass. I am hopeful
that we will adjourn by the Fourth
of July, ending this session at
approximately the same time the
107th finished two years ago.

A lot of key legislation is emerging
from committee after months
of consideration. One major
bill is the item veto power
long sought by Maine Governors.
The item veto would allow a Governor
to veto portions of a major
spending bill without rejecting the
entire package.

During Former Gov. Curtis's two
terms, Democrats attempted to win
this privilege for him, but the
Republican controlled legislature
denied it to him. This session there
has been bipartisan support for
the item veto because many legislators
feel it is a good government
measure. The Republican
Senate approved the bill 21-8,
while the House approved 66-6,
then reconsidered and tabled the
bill to take a second look. I voted
for this legislation because I felt
that it would be a good tool for
future governors to be certain
the taxpayers' money was well
spent.

This week on the floor of the
House there was heated debate on
a bill that would amend the present
plumbing laws. The pollution
bill is fighting results from
houses converted from summer to
year-round use, without upgrading
the sewage disposal systems. This
legislation would require a home-
owner to get a permit from LURC,
or municipal officials, if they plan
to use the dwelling more than 6
months in a year in areas covered
by the shoreland zoning act.

The legislation came before my
committee on Natural Resources
and we held two public hearings

Mr. and Mrs. Drinkwater have

one daughter, Ann. They plan to
make their home in Danvers,

MISSIONARY SERVICES AT
NAZARENE CHURCH JUNE 27

You are cordially invited to attend
a Special Missionary Service at
the Bethel Church of the Nazarene
Monday night June 27 at 7 o'clock.

Rev. and Mrs. Ed Drinkwater,
missionaries to Africa Central, are
now on furlough and holding services
in Nazarene churches. This is
their third furlough since going to
the field in 1965.

The missionary service will be
challenging and Mr. Drinkwater
will capture your interest with
slides of the customs, culture,
life and work of the people in
Africa Central.

The Drinkwaters have spent the
past term in the field of evangelism
and have been involved in the
Malawi Bible College as teacher
and vice principal. Mr. Drinkwater
has acted as advisor to the National
District Superintendent. He also
has been involved in the building
of the Nazarene churches and
pastors' homes in Malawi.

Mr. Drinkwater attended Eastern
Nazarene College and received
his A. B. degree in Religion and
Theology.

CHRISTIAN SCIENCE READING
ROOM HOURS CHANGED

In Berlin, N. H., the Christian
Science Reading Room hours have
been adjusted so that the public
will find an open door every
Tuesday, Thursday and Friday at
noon from 1 to 4 o'clock.

It is hoped that Citizen readers
will feel free to visit this room
at 134 Main St., Berlin.

several work sessions to re-
draft the bill. I voted ought-not-
to-pass in committee because our
research proved that there were
enough laws on the books to correct
sewage disposal pollution, and
this I feel would be another example
of over-regulation.

In the Windham area local
plumbing inspectors have a plan-
ning board that presently grants
permits. Their policy is to ask
for a soil analysis test if there
is any question of adequacy. This
local control has offered enough
restrictions in that area and present
laws have been effective.

Mr. and Mrs. Micheal Hathaway,
Brian and Brenda, Conway, N. H.,
spent the week end at the Davis
cottage, Songo Pond, and visited
relatives in town.

Robert Cummings has returned
to the home of his parents, Mr.
and Mrs. Murray Cummings, after
spending several months working
in Texas.

A reception honoring Jim and
Mary Cobb on their 25th wedding
anniversary will be held Saturday,
June 25, at the Grange Hall in
Bryant Pond at 2 p. m. Friends
are also invited to attend the re-
peating of their marriage vows at
the Bethel Church of the Nazarene
at one o'clock.

Item 1: Remember Tag Days - June 24 and 25. Your help will be greatly appreciated.

Item 2: The regular monthly meeting was held Monday night at the fire station. It was voted to hold a cook out Saturday, June 25 at 5 o'clock at John Greenleaf's cottage at Songo Pond. Hope to see you there!

Item 3: As I hear it some of the B.E.A.R.S. have been having a jolly time fishing.

Item 4: Safety Tip of the Week: To remove a fish hook from the skin—if only the point of the hook enters not penetrating deeply to allow the barb to become effective, the hook can be easily removed by backing it out. However if the hook goes deeper and the

barb becomes imbedded it is wisest to have a physician remove it. If medical help is not available, push the hook through until the barb protrudes, using a cutting tool cut the hook through at the barb or shank and remove it, thoroughly. Cover with sterile dressing as possible because of the possibility of infection.

Falling For Frills

Many people go househunting in a remarkably casual way—and sometimes end up making costly mistakes. One of the mistakes a househunter can make is to buy the frill instead of the house. All too often a family will fall in love with an eye-catching feature and buy the wrong house. This mistake happens frequently and in all price ranges.

Families skip over careful consideration of the major factors because something minor has really grabbed them. The lure may be a charming fireplace, a glamorous lighting fixture, a garage door opener, or

even a dogwood in bloom. Yielding to superficial attractions like these can result in your family winding up with a thoroughly unsuitable house. Bear in mind that these same alluring features can usually be added to another house at a relatively small cost, considering the amount of the overall purchase.

... If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

Rain, rain go away. Come again some other day. Do you remember saying this when you were young and wanted to go play? A month ago we were all avidly keeping our ears to the television for the weather report—hoping for rain as the fire danger was so great. Now it seems, we could have a whole week without rain and not hurt anything or anyone. Have been told some farmers are already trying to get their first crop of hay in. At least, even though graduation day threatened rain all through the day it held off so they could have it outdoors. Wednesday and Thursday were two lovely summer days.

BRYANT POND GIRLS ARE 4-0

The Woodstock girls' softball team remained undefeated in league play last week with wins over Dixfield at Dixfield and Greenwood at the Bryant Pond Field. A third game scheduled for Friday with the Rumford Point "B" team was rained out and will be played at Bryant Pond on Thursday, June 30.

Monday, June 13, Bryant Pond, tangled with a tough Dixfield Club at Dixfield and came out on top by a 16-10 margin, as 8 runs in the third inning broke the game open. A lapse in defensive play was overcome by a strong hitting attack led by Sue and Lynda Duguay, Jackie and Julie Martin, Cheryl Roberts and Suzette Wing.

Wednesday, June 15, the girls were winners at home over a game Greenwood club by a 36-2 score. Good defensive play which has been the mark of the Bryant Pond club this year and a 38 hit attack were featured. Nancy Savage was a key in the attack with 5 hits including a triple, and Ruthie Ricker tossed out a runner at 1st base from her right field position for one of several good defensive plays made by the team.

Linda Duguay was again the winning pitcher with two more impressive performances.
